Telvexia Workforce

Enterprise Workforce Platform for Nigerian Businesses

Powered by TaxCore™

1. Cover

Telvexia Workforce

Run Your Entire Workforce From One Intelligent Platform

Telvexia Workforce is an enterprise workforce platform — not a collection of disconnected HR and payroll tools. Hire, manage, pay, and support your workforce while automating payroll, statutory compliance, and enterprise workflows from one secure cloud platform.

- **Corporate:** Telvexia
- **Product:** Telvexia Workforce
- **Technology:** Powered by TaxCore™
- **Website:** telvexia.com

2. About the Platform

Telvexia Workforce unifies six integrated platform pillars on a single multi-tenant architecture. From employee onboarding through monthly payroll runs, statutory remittances, and annual PAYE returns, organisations replace fragmented spreadsheets with one intelligent platform built for Nigerian businesses.

Platform overview

Who we serve

- Growing SMEs scaling beyond manual payroll
- Mid-market companies with multi-department HR teams
- Professional services firms requiring compliance discipline
- CFOs and finance leaders who need defensible payroll and tax reporting

3. Key Challenges Solved

Challenge	Platform Outcome	
Manual PAYE and statutory calculations	Compliance Platform with TaxCore™ automation	
HR data disconnected from payroll	Workforce Platform — one record from hire to retire	
Compliance deadlines and audit risk	Boardroom-ready statutory outputs and employer packs	
Disconnected finance and payment systems	Integration Platform — accounting, payments, APIs	
Leaders lack workforce visibility	Intelligence Platform (coming soon)	

4. Workforce Platform

Outcome: One record for every employee — from hire to retire.

Manage the full employee lifecycle on one secure record aligned to payroll and compliance.

- Employee Records
- Recruitment
- Attendance
- Leave
- Performance
- Learning
- Employee Self Service

Employee directory

5. Payroll Platform

Outcome: Close payroll with confidence, control, and audit-ready workflows.

Enterprise payroll with approval workflows, salary structures, payslips, and gross-to-net calculations powered by TaxCore™.

- Payroll Engine
- Salary Structures
- Approvals
- Payslips

- Payroll Locking

Payroll dashboard

6. Compliance Platform

Outcome: Boardroom-ready statutory reporting without spreadsheets.

Automate Nigerian statutory obligations — PAYE, pension, NHF, NSITF, ITF, annual returns, and employer compliance packs — directly from locked payroll data.

- PAYE · Pension · NHF · NSITF · ITF
- Annual Returns
- Compliance Dashboard
- Employer Compliance Pack

Compliance dashboard

7. Integration Platform

Outcome: Connect finance and payments without rework.

Enterprise integration from day one — accounting exports, payment schedules, developer APIs, webhooks, notifications, and connected apps.

- Accounting — Zoho Books, QuickBooks, Sage, Xero
- Payments — Remita, Paystack, Flutterwave, Moniepoint
- API · Webhooks · Notifications · Connected Apps

8. Intelligence Platform *(Coming Soon)*

Outcome: Workforce intelligence for leaders.

- Executive Analytics
- AI Assistant
- Predictive Insights
- Workforce Analytics

9. Technology Platform

Powered by TaxCore™ — Nigeria's intelligent payroll and compliance engine.

- Deterministic, test-certified PAYE and statutory calculations
- Configurable tax regime settings per organisation
- Reconciliation between payroll totals and compliance exports

Tax regime settings
